

Taunton Deane Croquet Club has two classes of member and the season runs from April to March.

Full Membership (£150) and Provisional Membership (£75) entitle members to play at any time of the week for the whole year.

Both classes of member are eligible to play for the club teams and in all club competitions but Provisional Membership is only available to novice players.

Visitors may also play, by prior arrangement and accompanied by a member, for a Green Fee of £4 per person per 3-hour session.

Full members and Provisional members are also associate members of Taunton Vale Sports Club.

Coaching is provided at most of the club sessions and is included in the membership fee.

Email secretary@TauntonCroquet.org for a membership form or call 07773 308 220 for more information.

Please note that members automatically become Standard Members of the sport's national governing body, the Croquet Association, unless they specifically opt out.

The CA has recently extended its individual membership by creating a 'Standard Member' category open to all members of a CA Member Club - which includes us.

There is no additional charge for this membership as costs are covered by the CA levy already paid by clubs but, in order to comply with the new Data Protection Regulations, application for this has to be done through your Club Secretary.

Benefits for the individual include

- Free copy of Gazette for 12 months (afterwards an online version)
- Access to the Members' area of the CA website
- Access to online Tournament entry

This new membership level will enable many more players to become a part of the Croquet Association, the national governing body. This will allow the CA to be more in touch with its members and to become a stronger, more powerful organisation.
