The Somerset GC team played in Division 1 of the inter-county championship, trying to defend the title won last year. The team, James Galpin (Nailsea), Stephen Custance-Baker (Taunton Deane), Colin Britt (Camerton & Peasedown), played well in the blocks, finishing 4th of the 12 counties and qualifying for the play-offs.

Having lost the semi-final to Kent, Somerset won the 3rd/4th play-off against Sussex and finished in a creditable 3rd place.

Congratulations to Jonathan Wolfe, who has won the Tompkinson Shield at Edgbaston.

He won all three games in the block, including beating a -1 opponent. He then won both rounds in the knockout, beating the same -1 opponent in the final. As a result, Jonathan has brought his handicap down to 0.

Stephen Custance-Baker's new book on Golf Croquet tactics has received significant endorsement from senior players in the game.

Dr Jenny Clarke, winner of five GC World Championship medals, said *"I definitely hope people will read your book and play a bit more intelligently as a result."*

Richard Carline, Director of The Croquet Academy and Championship Referee, wrote *"GC Croquet has waited for this publication for a long time. The game will benefit hugely from this and it should work well for all levels."*

"Every Shot Is Tactical" is aimed at those who are familiar with Golf Croquet but know that there is always more to be learnt.

The core principles of good tactical play are described for each aspect of GC with 140 clear diagrams.
